**Title: "Common Core Values: 5 Lessons Fannie Lou Hamer Can Teach Educators About Unconscious Bias"**

**Special Guest: Treasure Shields Redmond, Writer, Veteran Teacher, and Social Justice Educator**

If you are a concerned educator who wants to do his or her part in eliminating unconscious bias, you've come to the right place. Once you discover these 5 lessons, you will instantly recognize unconscious bias and have the tools to halt its negative effects on classroom climate and student performance.

In this content rich session, you'll learn:

1. The biggest mistake educators make in assessing learners
2. The foundational educational philosophy that is most inaccurate
3. Who we should seek to collaborate with in the classroom
4. Where to find the biggest benefit for classroom environment and more!

Participants will engage in an interactive sessions filled with takeaway activities and printables designed to give them the skills to recognize unconscious bias, and create a building where real accountability is taken for eliminating its harmful effects.
